

## Heart and Home Card - Instruction Sheet

### Card Cuts:

- Card Base – Basic White Cardstock – 8-1/2" x 5-1/2", score at 4-1/4"
- Mat for front of Card - Heart and Home Designer Series Paper in Fresh Fnesia design – 4-1/8" x 5-3/8"
- Inside of Card – Fresh Fnesia Cardstock – 4-1/8" x 5-3/8"
- Envelope Flap – Heart and Home Designer Series Paper in Fresh Fnesia design – 2-1/2" x 6"

- Miscellaneous Flower Die Cuts – Basic White Cardstock scraps
- Flower panels and sentiment tag – Fresh Fresia Cardstock – Cut from Stitched So Sweetly Dies. The 3<sup>rd</sup> smallest rectangle was used for the flower panels and the 2<sup>nd</sup> from largest tag from this set was used for the sentiment.

## Making the Card:

- I first stamped the bee from the Honeybee Home Stamp Set and colored the bee in with Daffodil Delight Stampin' Blends as well as Crumb Cake Stampin' Blends and a Basic Black Stampin' Write Marker, then used the Honeybee Blooms die to cut him out. The bee image was stamped with Black Momento ink but I used the marker to darken the tips of the bee's feet, head and black stripes on his body.
- I die cut various flower sprigs from the Flowers of Home Die set using Basic White Cardstock. *Note: I saved the piece of white cardstock that I used to die cut the flowers from...more on this later.*
- I die cut three of the rectangular panels from the Stitched So Sweetly Die set, using the third smallest rectangular die from Fresh Fresia Cardstock
- I also cut the second from the largest sentiment tag from the Stitched So Sweetly Die set in Fresh Fresia.
- I began coloring the flower images cut from Basic White Cardstock and used Stampin' Blends in Pumpkin Pie, Daffodil Delight and Granny Apple Green.
- I used the piece of white cardstock I had cut the flower images from as a stencil. Using Smokey Slate and a sponge dauber, I sponged a gray shadow of the flower images onto the Fresh Fresia rectangles that I had cut. This gives the feeling of shadow and depth to the panels. (see images below)

- After stenciling in these flower "shadows" I then dry fit the flower pieces and when I was happy with their arrangement, I used liquid glue to adhere each of the flower sprigs to each of the three Fresh Fresia panels.
- I then glued the three panels to the piece of DSP mat – keeping the panels towards the top of the card.

- Before gluing down the DSP mat to the card base I wrapped Linen Thread around the bottom portion of the card twice, using Stampin' Seal on each side on the back to hold the thread down. Once the thread was secured, I glued the mat to the card base.
- I used a Stampin' Dimensional under the bee and placed the bee over top of the flower on the center panel.
- I stamped a sentiment from the Honeybee Home Stamp Set on the Fresh Fresia tag I had die cut earlier. I used Fresh Fresia Stampin' Blends around the outside of the sentiment tag, then used Stampin' Dimensionals to pop up the sentiment to the center bottom of the card front.
- I then used several Rhinestone Basic Jewels on the front of the card.
- On the inside of the card I adhered the Fresh Fresia panel down. I used a stamped and die cut flower image on the inside of the card and colored in with Daffodil Delight and Granny Apple Green Stampin' Blends (not shown).
- Lastly, I glued a piece of the Fresh Fresia DSP from the Heart and Home DSP pack to the envelope flap and fussy cut around the envelope flap.

Our card is complete!
