I used the Hand-Penned Petals bundle and designer series paper to make this pretty get-well card.

### Cutting:

- Card Base – Cut 1 in Mint Macaron cardstock to 11" x 4-1/4", score at 5-1/2"
- Front Card Panel – Cut 1 Hand-Penned Designer Series Paper to 5-1/4" x 4"
- Slim Panel for Card Front – Cut 1 Misty Moonlight cardstock to 2-1/4" x 5-1/4"
- Panel for Die Cut – Cut 1 in Basic White to approximately 4-1/4" x 3-1/4"
- Sentiment Label – Scrap of Basic White cardstock
- Sentiment Label Mat – Scrap of Mint Macaron
- Die Cuts – Scraps of Basic White, Blushing Bride and Mint Macaron Cardstock
- Inside Mat – Cut 1 Basic White cardstock to 5-1/4" x 4"
- Envelope Flap – Cut 1 coordinating DSP to approximately 2-3/4" x 6"

### Stamping and Die Cutting:

1. Using the Penned Flowers Dies, die cut the following:
  - Cut 1 of the large multi-flower images in Basic White cardstock
  - Cut 2 of the 4-leaf image in Mint Macaron cardstock
  - Cut 2 of the 2-leaf image in Mint Macaron cardstock
  - Cut 1 of the large single flower image in Blushing Bride cardstock
  - Cut 2 of the smallest single flower images in Blushing Bride cardstock
2. Using the Layering Circles Dies, die cut the following:
  - Cut 1 of the smallest scalloped circle die in Basic White cardstock
  - Cut 1 of the second to smallest circle die in Mint Macaron
3. Stamp the "Feel better friend" sentiment on the Basic White scalloped circle in Misty Moonlight ink.
4. On the inside card panel, stamp the smallest single flower image in Misty Moonlight ink multiple times on the lower right-hand corner of the panel. I stamped the image four times forming a cluster of flowers.

5. On the lower right-hand corner of the envelope, stamp the same small flower image multiple times in Misty Moonlight

### Finishing the Card:

6. Dry fit the white die cut, leaves and flowers onto the Misty Moonlight 2-1/4" x 5-1/4" slim panel. Taking note of the arrangement on the slim panel, first glue down the white die cut.
7. Partially glue the Blushing Bride larger flower die cut over the white die cut. Note that this flower fits into the center white die cut image. Glue only the center of this flower down then gently curl up the flower petals to give the flower extra dimension.
8. Applying glue to the 2-leaf die cuts, glue the leaves down, tucking them stems slightly under the white die cut. Be careful to hide the stems under the white die cut so they don't show through.
9. Following the same instructions above, glue the 4-leaf die cuts.
10. Glue the two smaller flowers to the white die cut.

12. Adhere the DSP mat to the card front.
13. Apply Stampin' Dimensionals to the back of the slim Misty Moonlight panel and adhere to the card front, placing the panel to the left. Leaving a 1/4" space between the left edge of the DSP and the Misty Moonlight slim panel.
14. Glue the white sentiment label to it's Mint Macaron mat. Apply Stampin' Dimensionals to the back of the sentiment label and adhere to the card front, placing the sentiment in the lower right-hand corner of the cardfront and slightly overlapping the Misty Moonlight panel.
15. Apply several Opal Rounds to the die cut images. I place the Opal Rounds in the centers of the pink and white die cut flowers.
16. Tie a small bow from Misty Moonlight ribbon and place adhere the bow to the top of the sentiment label using a Mini Glue Dot.
17. Adhere the white panel to the inside of the card.
18. Using Multipurpose Liquid Glue, adhere the 2-3/4" x 6" piece of coordinating DSP to the envelope flap, then fussy cut around the envelope flap.
