The jolly man in red is busy this time of year! He's taking the Santa Express and he's headed your way! A penguin and one of Santa's reindeer came along for the ride...I think it's Blitzen, or is it Donner or Cupid!

I created this fun slimline easel card using the **Santa's Delivery Stamp Set**, **Santa's Train Dies** and the **Santa Express 12" x 12" Designer Series Paper**. The train engine and two cars were cut out from the Santa Express 12" x 12" Designer Series Paper. The background behind the train is also one of the prints from this designer series paper pack! This makes for some easy cutting and die cutting so you can get right to creating! On with the card...

## 1. Card Cuts:

- Card Base - Cut 1 Granny Apple Green cardstock to 8-1/2" x 7". Score at 5-1/4" and 3-1/2"
- Card Front & Inside Mats - Cut 2 Poppy Parade cardstock to 8-1/4" x 3-1/4"
- Background DSP for Card Front - Cut background pattern from Santa Express DSP to 8-1/8" x 3-1/8"
- Train Track - Cut 2 from Silver Foil 12" x 12" Specialty Pack paper to approximately 5" x 1-1/2"
- Sentiment Label - Cut 1 Poppy Parade cardstock to approximately 3-1/2" x 1-1/4"
- Scraps of Basic White cardstock for stamping, coloring, and die cutting penguin, steam clouds, and sign
- Inside Panel - Cut 1 Basic White cardstock to 8-1/8" x 3-1/8"

<https://www.inkybeestampers.com>

- Envelope Flap - Cut 1 coordinating DSP to approximately 4" x 1-1/2"
- 2. Start by stamping the penguin (x 1), steam clouds (x 2) and sign (x 1) using Tuxedo Black Momento ink. Color using Stampin' Blends and a black Stampin' Write Marker. Color the penguin's nose and feet using the light shade of Pumpkin Pie Stampin' Blends. Color in the black portions of the penguin using a black Stampin' Write Marker. Color the steam clouds using the light shade of Smoky Slate Stampin' Blends. Color in the sign using Poppy Parade and Crumb Cake Stampin' Blends. Die cut the pieces using the coordinating dies from the Santa's Train Dies set.
- 3. From the Santa Express DSP paper die cut 1 train engine with Santa, 1 train car with reindeer, and one train car with gifts. From the Silver Foil Specialty Paper, die cut 2 train tracks.
- 4. Adhere the Background DSP to its Poppy Parade mat.
- 5. Adhere the train track pieces at the bottom of the DSP Background. Trim as necessary. Then, adhere the sign to the DSP Background on the right and at a slight angle just above the train track.
- 6. Adhere the train engine and train cars to the card front using Stampin' Dimensionals. The engine with Santa is on the right, with the two train cars behind Santa in the middle and left. Position the train cars so the car wheels are about half way over the train tracks. Use Stampin' Dimensionals to adhere the steam clouds to the card front (refer to photo above for placement). Use Stampin' Dimensionals to adhere the penguin above the last train car (as if he's sitting on top of the car).
- 7. Use a bone folder to burnish the score lines on the card base. The outside score line is a mountain fold and will act as the easel portion of the card. Adhere the train car panel to only the easel portion of the card front., Close the card base fully when adhering and leave an equal distance around the matted train car panel and the card base.
- 8. Adhere several Adhesive-Backed Stars to the card front.
- 9. On the sentiment label, stamp the sentiment " Special Delivery just for you" using VersaMark ink. Sprinkle with white embossing powder, then use a heat tool to heat set the embossing powder. Allow to cool, then use the largest banner die from the Stylish Shapes Dies set to die cut.
- 10. On the white inside panel, stamp the sentiment " Merry Christmas" towards the top center of the panel in Poppy Parade ink. Stamp "Ho ho ho" to the right and left of the "Merry Christmas" in Granny Apple Green ink. Adhere this panel to its Poppy Parade mat, then adhere to the inside of the card.
- 11. Place Stampin' Dimensionals on the back of the embossed sentiment label. Before removing Dimensional covers, check the placement before adhering. The sentiment label will be adhered on the inside panel towards the bottom center and will act as the "stop" for the easel mechanism of the card.

12. On the slimline envelope front, stamp the penguin and sign using Tuxedo Black Memento ink. Color in using Stampin' Blends as you did before. Above the penguin and sign, stamp "Ho ho ho" in Granny Apple Green ink. Adhere the piece of coordinating DSP to the envelope flap and fussy cut around the flap to finish off the envelope.
