- Adhesives: Multipurpose Liquid Glue, Mini Glue Dots, Stampin' Dimensionals
- Paper Trimmer
- Stampin' Cut & Emboss Machine

1. Card Cuts:

- Card Base - Cut 1 Pretty Peacock cardstock to 8-1/2" x 5-1/2", score at 4-1/4"
- Outside & Inside Panels - Cut 2 Basic White cardstock to 5-3/8" x 4-1/8"
- Scraps of Basic White for sentiment label and fish
- Scrap of Lost Lagoon for sea plant

2. Using one of the Basic White panels, begin building your underwater scene. Refer to photos for placement of stamped images.

- Start by stamping the coral image twice on the lower right side of the panel and stamp in Petal Pink ink.
- Next, stamp the tall slender seaweed image on the left side of the panel using Pretty Peacock ink. I stamped the image several times and stamped over the previously stamped images.
- Use the sand stamp to stamp sand along the bottom of the panel using Pecan Pie ink.
- Use Berry Burst ink to stamp sea anemones along the bottom edge of the panel. I stamped this image both in first- and second-generation stamping to provide some depth to the stamped images.

3. Use a blending brush, blend Lost Lagoon ink across the entire panel. I made some areas a little darker than others which gives the suggestion of light and shadow in the water.

4. Onto a scrap piece of Basic White cardstock, stamp the angel fish three times using Tuxedo Black Memento ink. Use Lemon Lolly Stampin' Blends to color in the white areas of the fish. Use the coordinating die from the Beauty of the Deep Dies set to cut out the fish.

5. From the Tropical Leaf Stamp Set, stamp the sentiment "hello" onto Basic White cardstock using Pretty Peacock ink. Use the 3rd from smallest round die from the Stylish Shapes Dies set to cut out.

6. Die cut 1 sea bush from Lost Lagoon cardstock. Adhere the bush to the ink blended and stamped panel. Adhere towards the lower left of the panel. Note, only apply glue to the bottom half of the die cut so that the top can be free to lift up from the surface of the card.

7. Adhere the angel fish just above the sea bush using Mini Glue Dots. The glue dots help to pop up the fish slightly.

8. Use a few Mini Glue Dots to adhere a short length of Pool Party Grosgrain Ribbon to the upper right of the panel at an angle. Use Stampin' Dimensionals to adhere the sentiment label over the previously adhered ribbon. Trim the ribbon ends as needed.
9. Adhere the completed panel to the front of the card base using liquid glue.
10. On the inside panel, stamp the coral image using Petal Pink ink. Stamp several of the sea anemone image using Berry Burst ink over the base of the coral image. Use the same blending brush to slightly blend Lost Lagoon ink over the stamped images. Adhere the inside panel to the inside of the card.

12. On the envelope flap, partially stamp the large lacy leafed image using Pretty Peacock ink.
13. Adhere several Flat Adhesive-Backed Pearls to the bottom of the card front along the ocean floor.
