4. Die cut the flower pieces as indicated below on the diagram. Assemble the flowers using liquid glue. When assembling flowers, the larger petals are on the bottom. Use a bone folder to slightly curl each petal upwards before gluing and be sure to offset flower petals.

This completes the card! Love these blues together and the flowers from the Paper Florist Dies add so much texture to the card. This card would be suitable as birthday or friendship card as well...just change up the sentiment.
