

CARD MAKING SUPPLY LIST

During our virtual event on 7 October, we'll use the following supplies to make three different cards. Having these supplies on hand will make it easier for you to craft along with us. However, you're welcome to substitute any of these items as you like.

See something that you don't have but want to add to your collection? Contact your demonstrator or visit stampinup.com to learn more about these products and place your order!
