<https://www.inkybeestampers.com>

I created this quick and easy Christmas Card using paper from the A Walk in the Forest Designer Series Paper, the Merriest Trees Dies and sentiments from the Trucking Along Stamp Set. This card works up with very little effort! Let's take a look!

## Supplies:

- A Walk in the Forest 12" x 12" Designer Series Paper
- Merriest Trees Dies
- Trucking Along Stamp Set
- Stylish Shapes Dies
- Baker's Twine Essentials Pack
- Adhesive-Backed Glitter Sequins
- Cardstock: Basic White, Basic Black
- Ink: Basic Black

## 1. Card Cuts:

- Card Base - Cut 1 Basic Black cardstock to 11" x 4-1/4", score at 5-1/2"

- DSP Panel - Cut 1 piece of A Walk in the Forest snow print in Balmy Blue to 5-3/8" x 4-1/8"
  - Sentiment Label - Cut 1 Basic White cardstock to approximately 1-7/8" x 1-7/8"
  - Trees - Cut 1 large tree and 2 smaller trees using the Merriest Trees Dies and paper from A Walk in the Forest Designer Series Paper pack (the Merriest Trees Dies will cut out these trees from the DSP)
  - Inside Panel - Cut 1 Basic White cardstock to 5-3/8" x 4-1/8"
  - DSP Strip - Cut 1 coordinating designer series paper strip to 4-1/8" x 1"
  - Gift Card Holder - Cut 1 coordinating designer series paper to 4-1/8" x 1-3/4"
  - Envelope Flap - Cut 1 piece of coordinating designer series paper to 6" x 2-1/4"
2. Using the largest and third to largest tree dies from the Merriest Trees Dies, cut out 1 large tree from the A Walk in the Forest Designer Series Paper and 2 smaller trees. Adhere the large tree to the card front using liquid glue. Position this tree on the left side of the card with the top of the tree approximately 1/4" from the top edge of the DSP panel. Allow the left side of the tree to hang over the left side of the panel slightly. Use your paper snips to trim the excess tree shape flush with the edge of the DSP panel. Adhere the smaller tree to the right and slightly below the large tree. Note that this tree will overlap the larger tree slightly. Adhere the remaining small tree in front of and slightly below the other two trees and adhere this tree using Stampin' Dimensionals.

3. Adhere the DSP panel to the card front.
4. Use the 3rd from the smallest circle die from the Stylish Shapes Dies set to cut a circle from Basic White cardstock. From the Trucking Along Stamp Set, stamp the sentiment "Special Delivery" in Tuxedo Black Memento ink towards the bottom of the die cut circle. Adhere the sentiment label to the card front using Stampin' Dimensionals. and position the label towards the upper right. Tie a small double bow using black Baker's Twine and adhere at the top of the sentiment label using a Mini Glue Dot.
5. On the inside panel, stamp the sentiment "Wishing you a Festive Christmas" in Tuxedo Black Memento Ink. Adhere the designer series paper strip to the bottom of the panel and adhere the panel to the inside of the card.

6. On the 4-1/8" x 1-3/4" designer series paper rectangle, use a circle punch or one of the round dies from the Stylish Shapes Dies set to cut a quarter moon along one long edge of the rectangle. This will help in removing the gift card. Apply Tear & Tape to the two short sides and the bottom long edge of the rectangle and adhere on the top panel of the inside of the card base. **Caution: Be sure to put the Tear & Tape right along the edges of the paper in order to leave plenty of room to slide a gift card inside of the holder.**
7. Adhere the coordinating piece of designer series paper to the envelope flap and use a small pair of scissors or paper snips to cut away the excess paper from the flap.
8. Adhere multiple white Adhesive-Backed Glitter Sequins to the card front.
