This easy but elegant card was created using products from the **Forever Love Suite Collection**. I used the **Lifetime of Love Bundle** to stamp the sentiments and cut out the decorative components of the card and the beautiful **Forever Love 12" x 12" Specialty Designer Series Paper** was used to provide the background. Check out the pretty gold accents in the Pretty Peacock paper! Let's get started!

- DSP Panel - Cut 1 Petal Pink scalloped print to 5-3/8" x 4-1/8"
 - DSP Strip - Cut 1 Pretty Peacock and gold floral print to 6" x 2"
 - Gold Foil Strip - Cut 1 Gold Foil to 6" x 1/4"
 - Gold Foil Wreath - Cut 1 Gold Foil to 3-1/2" x 3-1/2"
 - Sentiment Label - Cut 1 Petal Pink cardstock to 3-1/2" x 3-1/2"
 - Scraps of Pretty Peacock cardstock for die cutting leaf stems
 - Inside Panel - Cut 1 Very Vanilla cardstock to 5-3/8" x 4-1/8"
 - Envelope Flap - Cut 1 piece of coordinating designer series paper to 6" x 2-1/4"
2. On the DSP Panel measuring 5-3/8" x 4-1/8", measure 1" down from the top right corner and make a light pencil mark. Then measure 1" up from the bottom left corner and make a light pencil mark. These marks will help you line up the 2" DSP Strip. Before adhering the 2" strip, adhere the 5-3/8" x 4-1/8" designer series paper panel to the card front.
 3. Adhere the DSP Strip in the Pretty Peacock and gold floral print to the card front. The sides of this strip should fully hang off the sides of the card base. Line up the top right edge of the strip to your pencil mark and line up the bottom left edge with your pencil mark. Fully open the card base and from the back side, trim the excess designer series paper flush with the edges of the card base.
 4. Adhere the Gold Foil strip to the card front. Position the strip towards the bottom of the Pretty Peacock and gold strip, leaving a 1/4" reveal. Open the card base and from the back side, trim the excess gold foil ends flush with the edges of the card base.
 5. Using the Lifetime of Love Dies, die cut the following:
 - Die cut 1 round floral wreath from Gold Foil. Save the center of the die cut for a future project.
 - Die cut 1 round floral wreath from Petal Pink cardstock. Save the floral wreath for a future project. You will be using the inside of this die cut as your sentiment label.
 - Die cut 2 leaf stems from Pretty Peacock cardstock.

6. Insert the Petal Pink inside section from the round floral wreath die cut into the Gold Foil circle wreath die cut. The pieces will fit together nicely. Position the gold foil leaves on the circle to the 4 o'clock and 10 o'clock position, then stamp the sentiment "forever & always" onto the Petal Pink insert using Pretty Peacock ink. Flip the circle wreath (including insert sentiment label) over and use Stampin' Dimensionals to secure the Gold Foil wreath to the Petal Pink sentiment insert. I found it helpful to cut my Stampin' Dimensionals in half and placed them all around the outside of the wreath. Use Stampin' Dimensionals to support the middle of the unit as well, then adhere the wreath/sentiment label to the card front, positioning the unit over the Pretty Peacock and gold strip.
7. Adhere a Pretty Peacock die cut leaf stem towards the top of the wreath and one towards the bottom of the wreath, making sure to tuck the ends of the stems under the sentiment label.
8. On the inside panel, stamp the sentiment "Love You" in Pretty Peacock ink. On the lower corner of the panel, stamp the leaf stem image, then stamp again without reinking. Second generation stamp this same image over the sentiment. Adhere the panel to the inside of the card.

9. Stamp the leaf stem image onto the envelope front, then stamp again without reinking in Pretty Peacock ink.
10. Adhere a coordinating piece of designer series paper to the envelope flap and use a small pair of scissors or paper snips to trim the excess paper away from the flap.
11. Adhere several Pretty Peacock Foiled Gems to the card front to complete the project.
