- Stampin' Blends: Calypso Coral, Pecan Pie, Color Lifter

1. Card Cuts:

- Card Base - Cut 1 Calypso Coral cardstock to 11" x 4-1/4", score at 5-1/2"
- DSP Panel - Cut 1 plaid print from the A Little Latte 12" x 12" Designer Series Paper to 5" x 3-3/4"
- Outside & Inside Mats - Cut 2 Early Espresso cardstock to 5-1/8" x 3-7/8"
- Die Cut Rectangle - Cut 1 Lemon Lolly cardstock to approximately 4-1/8" x 2-3/4". Use the 4th from the largest Deckled Rectangle Die to cut out.
- Scraps of Basic White, Early Espresso, Pecan Pie and Basic Black for stamping and/or die cutting coffee pot and coffee cup
- Inside Panel - Cut 1 Basic White cardstock to 5" x 3-3/4"
- Envelope Flap - Cut 1 piece of coordinating designer series paper to 6" x 2-1/4"

2. Adhere the designer series paper panel in the plaid print to one of the Early Espresso mats, then adhere this to the card front.

3. Start by stamping and/or die cutting the following, then follow any additional instructions.

- Stamp the large coffee cup image onto a scrap piece of white cardstock in Early Espresso ink. Then stamp the coffee "fill" image in Pecan Pie ink. Use the light and dark shades of Calypso Coral Stampin' Blends to color in the image. Use a Color Lifter to lift a highlight on the front coffee cup rim and the top of the coffee cup handle. Use the coordinating die to cut out the coffee cup.
- Cut 1 coffee pot from Early Espresso cardstock
- Cut 1 coffee "fill" from Pecan Pie cardstock (this is the image that will make it look like there is coffee in the pot)
- Cut 1 coffee pot handle from Basic Black cardstock
- Cut 1 coffee pot lid from Basic Black cardstock
- Assemble the coffee pot pieces together. The "Fill" image (Pecan Pie) gets glued to the top of the coffee pot (Early Espresso). Next, glue the handle to the coffee pot (the long portion of the handle gets glued across the coffee pot and the handle will hang down on the left side of the pot). Then glue the coffee pot lid on top of the coffee pot.
- From the reverse side of the plaid print designer series paper, cut 1 set of coffee beans using the die from the Latte Love Dies set
- Cut 1 rectangle from Lemon Lolly cardstock using the 4th from the largest die from the Deckled Rectangles Dies set

4. Decorating the Lemon Lolly Rectangle:

- Place the Lemon Lolly deckled rectangle in front of you and place the coffee cup that you stamped, colored and die cut onto the lower right of the rectangle. Part of the handle of the coffee cup will hang off the right edge of the rectangle. Do not adhere yet!
- Then, place the coffee pot onto the upper left of the rectangle at an angle (as if you were pouring coffee into the cup). Part of the coffee pot handle and the lower left of the coffee pot will be slightly hanging off of the left edge of the rectangle. Do not adhere yet!
- Now, stamp the sentiment "this one's on me" in Pecan Pie ink, just to the right of the coffee pot pour spout.
- Next, use the swirl stamp from the Latte Love Stamp Set and stamp onto the rectangle in Pecan Pie ink as if coffee is pouring from the pot. You will need to move the pot out of your way to stamp this image and part of the swirl image will sit under the coffee pot spout.
- Using liquid glue, adhere the coffee cup to the lower right of the rectangle.
- Use liquid glue to adhere the coffee pot, at an angle, to the upper left of the rectangle.

- Adhere the die cut coffee beans towards the lower left of the coffee cup.
5. Cut a 3-1/2" piece of the Polka Dot Ribbon. This ribbon is actually strands of jute woven together. Use your scissors to cut in between the strands of jute to form sort of a fringe, then make the fringe ends somewhat jagged by trimming a few strands shorter than the others. Adhere the ribbon to the card front. The ribbon will sit at an angle under the left, lower corner of the decorated deckled rectangle. You will need to hold the rectangle up to the card front to assist with placement of the ribbon. Trim the ribbon ends at an angle as needed.
 6. Adhere the decorated rectangle to the card front using Stampin' Dimensionals. You will need to cut down a Stampin' Dimensional and place it carefully under the coffee pot handle in order to support it. Regular, full size or half size Stampin' Dimensionals can be used under the rest of the rectangle.
 7. On the inside panel, stamp the sentiment "thanks so much" in Pecan Pie ink. On the lower corner of the panel, stamp the coffee cup showing the top view in Early Espresso ink, then stamp the heart circle stamp inside of the cup in Pecan Pie ink. Color the outside of the coffee cup and handle using the light and dark shades of Calypso Coral Stampin' Blends. Use the dark shade of the Calypso Coral Stampin' Blend to color in the gap between the cup and the heart circle, then use a Blender Pen dipped in Early Espresso ink and darken this same area. It helps it look more realistic. Stamp the coffee beans image next to the cup in Early Espresso ink and color the beans in using the light and dark shade of Pecan Pie Stampin' Blends. Adhere the inside panel to the remaining Early Espresso mat, then adhere this to the inside of the card.

8. Stamp the coffee beans image onto the lower corner of the envelope front in Early Espresso ink, then color with Pecan Pie Stampin' Blends.
9. Adhere the coordinating piece of designer series paper to the envelope flap and use a small pair of scissors or paper snips to trim the excess paper away from the flap.
10. Adhere several Petal Pink Adhesive-Backed Swirl Dots to the card front to finish up the project.
