- DSP Panels
 - Cut 2 DSP Panels from the Flowering Zinnias Designer Series Paper (use two different patterns) to 4" x 2-1/2"
 - Cut 1 DSP Panel from the Flowering Zinnias Designer Series Paper from the Lemon Lime Twist trellis pattern to 3-1/8" x 2-1/8"
 - Mats
 - Cut 2 Petal Pink cardstock to 4-1/8" x 2-5/8"
 - Cut 1 Petal Pink cardstock to 3-1/4" x 2-1/4"
 - Sentiment Label - Cut 1 Basic White cardstock to 2" x 3/4"
 - Sentiment Label Mat - Cut 1 Berry Burst to 2-1/8" x 7/8"
 - Inside Panel - Cut 1 Basic White cardstock to 5-1/4" x 4"
 - Inside Panel Mat - Cut 1 Petal Pink cardstock to 5-3/8" x 4-1/8"
 - Envelope Flap - Cut 1 coordinating piece of Flowering Zinnias Designer Series Paper to 6" x 2-1/4"
2. Adhere the two DSP Panels measuring 4" x 2-1/2" to their Petal Pink mats. I chose a DSP Panel in a Berry Burst floral print and a multi-colored small floral print for my DSP Panels. Adhere these matted panels to the right and left sides of the front of the gatefold card base.
 3. Adhere the 3-1/8" x 2-1/8" DSP Panel to its Petal Pink mat. Apply two vertical rows of Tear & Tape down the left back side of this matted panel. Then adhere the panel to the front of the gatefold card base (with the card base fully closed). Center the panel from top to bottom and right to left.
 4. Using the Simply Zinnia Dies, die cut the following, then follow any additional instructions.
 - Die cut 1 flower with petals from Flirty Flamingo cardstock
 - Die cut 1 flower with petals from Petal Pink cardstock
 - Die cut 1 set of small stars from Lemon Lolly cardstock
 - Die cut 1 flower center (solid) from Berry Burst cardstock
 - Die cut 3 details leaves from Old Olive cardstock
 - Adhere the two die cut flowers together with the Flirty Flamingo flower on the bottom. Be sure to off set the petals.
 - Adhere the flower center to the middle of the assembled flower. Then adhere the Lemon Lolly stars evenly around the outside of the flower center. Using a bone folder or your fingers, slightly curl up the edges of the flower petals.

5. On the 3-1/8" x 2-1/8" matted panel that you attached to the card front with Tear & Tape, adhere the assembled flower to the top of this panel using Stampin' Dimensionals. I only used one Stampin' Dimensional in the center of the flower.
6. Stamp the sentiment "Thank you so much" in Berry Burst ink onto the sentiment label. Adhere the label to its Berry Burst mat. Then adhere the sentiment label to the bottom of the 3-1/8" x 2-1/8" matted panel and position the sentiment label towards the bottom of the panel. I lined up the left, bottom and right edges of the sentiment label with the edges of the DSP Panel.
7. Use liquid glue to adhere the die cut leaves around the flower and tuck the base of the leaves under the flower.
8. On the Inside Panel, stamp the sentiment "Words fail to express my gratitude" in Berry Burst ink. Then stamp the large single zinnia image onto the lower corner of the panel in Berry Burst ink. Use Stampin' Blends in Petal Pink, Flirty Flamingo and Lemon Lolly to color in the image. Adhere the panel to its Petal Pink mat, then adhere this to the inside of the card.

9. Stamp the same large single zinnia image onto the lower corner of the envelope front and color in the image using Stampin' Blends in Petal Pink, Flirty Flamingo and Lemon Lolly.
10. Adhere the coordinating piece of designer series paper to the envelope flap and use a small pair of scissors or paper snips to trim the excess paper away from the flap.
11. Adhere three pink Adhesive-Backed Shiny Sequins to the card front.
