1. Card Cuts

- Card Base - Cut 1 Pretty Peacock cardstock to 11" x 4-1/4", score at 5-1/2"
- DSP Panel - Cut 1 Thoughtful Designs Specialty Designer Series Paper in Pretty Peacock to 5-1/2" x 4-1/4"
- Square Mat - Cut 1 Pretty Peacock cardstock to 3-3/8" x 3-3/8"
- Square Acetate - Cut 1 piece of acetate to 3-1/8" x 3-1/8"
- DSP Strips - Cut 3 consecutive strips from a sheet of the Thoughtful Journey Designer Series Paper in Pretty Peacock and Wild Wheat to 1" x 3-1/4"
- Sentiment Label - Cut 1 Basic White cardstock to 1-1/2" x 5/8"
- Sentiment Label Mat - Cut 1 Pretty Peacock cardstock to 1-5/8" x 3/4"
- Die Cut Flower - Scrap of Basic White cardstock measuring approximately 3-3/4" x 2"
- Inside Panel - Cut 1 Basic White cardstock to 5-3/8" x 4-1/8"
- Envelope Flap - Cut 1 coordinating piece of designer series paper to 6" x 2-1/4"

2. Adhere the panel of Thoughtful Designs Specialty Designer Series Paper measuring 5-1/2" x 4-1/4" to the front of the card base, making sure that the edges of the panel are flush with the edges of the card front.

3. Adhere the three 1" x 3-1/4" strips of paper to the acetate square using liquid glue.

Important Note: The strips are cut so that the scene on the paper is continuous.

When gluing the strips to the acetate, make sure that they are in the correct order so that the scene continues from one strip to another. I found it helpful to adhere the top and bottom strips first, then adhere the center strip last. The top edge of the top strip will be flush with the acetate square, and the bottom edge of the bottom strip will be flush with the bottom edge of the acetate square. The strips are wider than the acetate square. Once glued into place use a pair of paper snips to trim the edges of the strip flush with the edges of the acetate square. Adhere the floating window to the Pretty Peacock square measuring 3-3/8" x 3-3/8" using Stampin' Dimensionals. Make sure to place the Stampin' Dimensionals on the back of the acetate panel where they will not show through the acetate! Then, adhere this unit to the card front leaving an equal distance between the square and the left, top and right edges of the card front.

4. Using the Thoughtful Wishes Dies, die cut 1 flower sprig from Basic White cardstock. Adhere this die cut to the center square on the front of the card using liquid glue. The die cut flower sprig should be at an angle. Refer to photos.
5. Use the dark shade of a Pretty Peacock Stampin' Blend to color a length of Linen Thread. Allow the colored thread to dry for a few minutes, then tie the thread into a loose single bow. Adhere the bow to the bottom right corner of the floating window square on the card front using a Mini Glue Dot or a small amount of Stampin' Seal.
6. From the Thoughtful Wishes Stamp Set, stamp the sentiment "Thanks" in Pretty Peacock ink onto the sentiment label. Adhere the sentiment label to its Pretty Peacock mat. Adhere the sentiment label to the lower right of the floating window square on the card front.
7. On the inside panel, second generation stamp the leaf sprig in both Wild Wheat and Pretty Peacock. Adhere the panel to the inside of the card.

8. Second generation stamp the same leaf sprig image onto the envelope front in Wild Wheat and Pretty Peacock inks.
9. Adhere the coordinating piece of designer series paper to the envelope flap and trim the excess paper away from the flap using a small pair of scissors or paper snips.
10. Adhere three Adhesive-Backed Pearls to the square on the card front to complete the project.

How lovely is this designer series paper and I love how the floating window technique shows off the scene on the paper! Products used on this card that are available now are included on the next page. Item numbers for new products that will be available on May 1 are listed under the supply list at the top of this document.
