Any father would love to receive this Father's Day card! The card was created using the **Adventurous Sky Bundle** and the **Take to the Sky 12" x 12" Designer Series Paper** and was so much fun to create with! I took full advantage of the real estate on this W fold card, too! Let's take a look!

Supplies:

- Adventurous Sky Bundle
- Take to the Sky 12" x 12" Designer Series Paper
- Linen Thread
- Basic Black Stampin' Write Marker
- Cardstock: Night of Navy, Boho Blue, Mossy Meadow, Copper Clay, Basic White
- Ink: Night of Navy, Copper Clay, Smoky Slate
- Stampin' Blends: Boho Blue, Copper Clay, Mossy Meadow

1. Card Cuts:

- Card Base - Cut 1 Night of Navy cardstock to 11" x 4-1/4", score at 5-1/2"

- W Strip - Cut 1 Boho Blue cardstock to 11" x 1-1/2". Score at 2-3/4", 5-1/2", and 8-1/4". Important Note: After cutting and scoring, trim 1/16" from each short end of the strip.
 - Large DSP Panels
 - Cut 1 multi-plane on grid pattern print to 5-3/8" x 4-1/8"
 - Cut 1 Boho Blue cloud pattern print to 5-3/8" x 4-1/8"
 - Small DSP Panels - Cut 3 Boho Blue cloud pattern to 2-1/2" x 2"
 - Small Inside Panel - Cut 1 Basic White cardstock to 2-1/2" x 2"
 - Mats for Small DSP Panels - Cut 4 Night of Navy cardstock pieces to 2-5/8" x 2-1/8"
 - Inside Panel - Cut 1 Basic White cardstock to 5-3/8" x 4-1/8"
 - Sentiment Label - Cut 1 Basic White cardstock to 2" x 1/2"
 - Scraps of Basic White cardstock for die cutting clouds and stamping, coloring and die cutting small plane
 - Scraps of Boho Blue, Mossy Meadow and Copper Clay cardstock for die cutting large plane
 - Envelope Flap - Cut 1 coordinating piece of designer series paper to 6" x 2-1/4"
2. Cut, score and burnish the Night of Navy card base. Adhere the multi-plane and grid piece of designer series paper measuring 5-3/8" x 4-1/8" to the card front. Fully open the card base and adhere the Boho Blue cloud piece of designer series paper measuring 5-3/8" x 4-1/8" to the inside left panel of the card base. On the Inside Panel, stamp the rivet image several times in Smoky Slate ink, then adhere the panel to the inside of the card base.
3. Cut, score and fold the W strip which gets attached to the inside of the card base. The 2-3/4" and 8-1/4" score lines on this strip are mountain folds and the 5-1/2" score line is a mountain fold. Important Note: Once the strip is cut, scored, and folded, trim 1/16" from each short end of the strip.
4. Adhere the W Strip to the Inside of the Card Base:
- Fully open the card base and lay it flat.
 - Apply adhesive to the back of the far left and far right panels of the W strip, then carefully adhere the strip to the inside of the card base. I adhered the strip in my card approximately a 1/2" from the bottom edge of the card base. The left and right edges of the W Strip should be flush with the edges of the large DSP Panel and Inside Panel.

5. Prepare the Die Cuts for the Small Inside Panels:

- Die cut 5 total of the small and medium sized clouds from Basic White cardstock using the dies from the Adventurous Sky Dies.
- Stamp the smallest plane image from the Adventurous Sky Stamp Set onto a piece of Basic White cardstock using Night of Navy ink. Use Stampin' Blends in Boho Blue, Mossy Meadow and Copper Clay to color in the image. I colored the body of the plane in Boho Blue, and the wings in Mossy Meadow. The front of the plane near the propeller was colored in Copper Clay. Use a Basic Black Stampin' Write marker to color the tires black. Use the coordinating die from the Adventurous Sky Dies to cut out the plane.

6. Prepare and Adhere the Small Inside Panels for the W Strip:

- Adhere the three small cloud print DSP Panels to a small Night of Navy Mat.
- On the small Inside Panel, stamp the sentiment "Happiest Father's Day" in Copper Clay ink, then adhere this panel to a small Night of Navy mat.
- Adhere the three cloud panels to the W Strip. Two of these panels will be on the left and one panel will be on the far right. The bottom edge of these panels are approximately 1/8" from the bottom of the card base.
- Adhere the small Inside Panel to the remaining section of the W Strip.
- Adhere the small die cut clouds to the small DSP panels on the right and left of the W Strip.
- Adhere a single cloud and the small plane image to the remaining small DSP Panel.

7. From the multi-panel sheet of Take to the Sky Designer Series Paper, cut out 1 of the tags in Copper Clay. Use a small hole punch to punch out the hole in the tag. Loop a length of Linen Thread through the hole. Adhere the tag to the card front at an angle using Stampin' Dimensionals.
8. Use the Adventurous Sky Dies to die cut 1 plane body from Boho Blue cardstock, 1 plane wing section from Mossy Meadow cardstock and 1 propeller from Copper Clay cardstock. Adhere the wings to the body of the plane. Adhere the propeller to the front of the plane. Adhere the assembled plane to the card front using a combination of liquid glue and Stampin' Dimensionals. The plane will sit at an angle flying upwards. Refer to photos for placement.
9. Stamp the sentiment "Flying by to say hi" in Copper Clay ink onto the sentiment label. Stamp the sentiment towards the left. Use a small pair of scissors or paper snips to cut a banner end on the right side of the label. Adhere the sentiment label to the card front using Stampin' Dimensionals. Refer to photos for placement.
10. Stamp the rivet image onto the envelope front in Smoky Slate ink.
11. Adhere the coordinating piece of designer series paper to the envelope flap and use a small

pair of scissors or paper snips to trim the excess paper away from the flap.

This completes the card! This W Fold makes for a great display card! Products used to create this card are included on the next page.
