I have a fun Halloween card for you today created from the **Potions & Spells Bundle**. You might be thinking that it is too soon to start thinking about making Halloween cards but if you are planning on mass producing cards for a child's class or to send out to the grandkids...the time is right! I pulled a few pieces of designer series paper from the Thoughtful Journey DSP and the Flowering Zinnias DSP and a small amount of In Color Glimmer Specialty Paper. Don't have these papers? Use what you have! The **Potions & Spells Bundle** will be available beginning on July 3 in the Online Exclusives section of the Online Store.

- DSP Panel #1 - Cut 1 Wild Wheat print from the Thoughtful Journey Designer Series Paper to 5-1/4" x 4"
- DSP Panel #2 - Cut 1 Highland Heather check print to 3" x 3"
- Cardstock Rectangle - Cut 1 Gorgeous Grape cardstock to 5" x 2-1/2"
- Glimmer Strip - Cut 1 Summer Splash 2024-2026 In Color Glimmer Specialty Paper to 3-3/4" x 1/4"
- Kettle, broom and broom handle, potion bottle, liquid, kettle spillover - Scraps of Basic White, Early Espresso, Wild Wheat and Summer Splash In Color Glimmer Specialty Paper
- Inside Mat - Cut 1 Wild Wheat to 5-1/4" x 4"
- Inside Panel - Cut 1 Basic White to 5-1/8" x 3-7/8"
- Envelope Flap - Cut 1 coordinating piece of designer series paper to 6" x 2-1/4"

2. Die cut the following then follow any additional instructions:

- Die cut 1 kettle from Basic White cardstock. Use the light and dark shades of Pebbled Path Stampin' Blends to color in the image
- Die cut 1 broom handle from Early Espresso cardstock
- Die cut 1 broom from Wild Wheat cardstock
- Die cut 1 round potion bottle from Pool Party cardstock
- Die cut 1 potion bottle "fill" from Summer Splash Glimmer Specialty Paper
- Die cut 1 liquid from Summer Splash Glimmer Specialty Paper
- Die cut 1 spill over from Summer Splash Glimmer Specialty Paper
- Adhere the broom handle to the broom using a small amount of liquid glue
- Adhere the glimmer spill over to the top of the kettle.
- Adhere the glimmer "fill" inside of the potion bottle. Note that I tilted the fill of the liquid since the bottle will be tilted on its side (as if pouring out the liquid). Adhere the glimmer "liquid" (pouring out of bottle) piece just behind the opening of the potion bottle. You will need to trim this piece down a bit.

3. Adhere DSP Panel #1 to the card front and center from top to bottom and left to right.
4. Stamp the "A Little Hocus Pocus" sentiment onto the lower right corner of the cardstock rectangle in Tuxedo Black Memento Ink. Then stamp the small multi-star image multiple times across the rectangle using Gorgeous Grape ink. Adhere the rectangle to the card front using liquid glue. Position the panel to the left and leave a portion of the Wild Wheat panel showing on the top, left and bottom.
5. Adhere the square DSP Panel #2 to the card front using liquid glue. Position the square towards the top of the card front and center from left to right. The top of the square is approximately 1" from the top edge of the card base.
6. Adhere the broom to the card front using liquid glue. Position the broom to the left of the Gorgeous Grape rectangle. The bottom of the broom sits just above the sentiment on the left.
7. Adhere the 1/4" glimmer strip to the card front using Stampin' Dimensionals. The strip sits just above the bottom edge of the DSP square and the ends of the strip should overhang the right edge of the DSP square and the cardstock rectangle on the left.
8. Adhere the kettle to the card front using Stampin' Dimensionals. The kettle legs will sit over

top of the 1/4" glimmer strip and to the right.

9. Adhere the potion bottom above the kettle using Stampin' Dimensionals. Note that the bottle is on its side and the "liquid" is pouring into the kettle.
10. On the inside panel stamp the "Happy Halloween" sentiment in Tuxedo Black Memento ink. Then partially stamp the kettle in Pebbled Path ink onto the lower left corner. Use Pebbled Path Stampin' Blends to color in the image. Stamp the bubbles image just above the top of the kettle in Pool Party ink. Color in the bubbles using a Pool Party Stampin' Blend. Dust the bubbles with Wink of Stella. Stamp the multi-star image several times around the top of the panel in Gorgeous Grape ink. Adhere the panel to the Wild Wheat mat, then adhere this to the inside of the card.

11. Partially stamp the kettle onto the lower corner of the envelope front in Pebbled Path ink then use Pebbled Path Stampin' Blends to color in the image. Stamp the bubbles image at the top of the kettle in Pool Party ink. Use the light shade of a Pool Party Stampin' Blend to color in the bubbles then dust the bubbles with Wink of Stella.
12. Adhere the coordinating piece of designer series paper to the envelope flap and use a small

pair of scissors or paper snips to trim the excess paper away from the flap.

This completes the card! How fun are these Halloween images? Thinking outside of the box a little, this kettle stamped in a bright color would be perfect to fill with flowers and greenery for a non-Halloween type card!

Products used to create this card that are available now for purchase are included on the next page. The Potions & Spells Bundle will be available in the Online Store on July 3.
