2. Adhere DSP Panel #2 to the left side of DSP Panel #1. Make sure the left, top and bottom edges of the panels are flush with each other. Then adhere this DSP unit to the card front.
3. Using the Greetings of the Season Stamp Set, stamp the "Season's Greetings" sentiment onto a scrap piece of Very Vanilla cardstock in Cherry Cobbler ink. Use the oval die from the Greetings of the Season Dies to cut out the sentiment.
4. Use Stampin' Blends to color the large berry sprig that you cut from white cardstock.
 - Color the stems of the sprig using a Bronze Stampin' Blend (you could also use a Pecan Pie or Crumb Cake Stampin' Blend instead)
 - Color all of the berries using the light shade of a Real Red Stampin' Blend
 - Use the dark shade of a Cherry Cobbler Stampin' Blend to add shadows towards the bottoms of the berries and add shadows to the side of a berry where it sits behind another berry.
 - Use the light shade of a Real Red Stampin' Blend to slightly blend out the Cherry Cobbler shadows.
 - Use a Stampin' Blend Color Lifter to add a highlight at the tops of the berries.

5. Refer to the photos to arrange all of the die cut pine boughs and greenery sprigs to the card front. I have all of the stems meeting in the center of the card approximately 1" from the bottom of the card edge. Once you are satisfied with the placement, take a photo of the arrangement with your phone and adhere all pieces down with a small amount of liquid glue. You may need to trim some of the stems.
6. Adhere the sentiment label from Step #3 above to the card front using Stampin' Dimensionals. The sentiment label sits over top of the greenery stems.
7. Adhere the Inside DSP Panel to the left side of the Very Vanilla Inside Panel. Stamp the inside sentiment onto the Very Vanilla portion of the DSP unit in Cherry Cobbler ink. Adhere the Inside Panel unit to the inside of the card.

8. First and second generation stamp the pine bough image from the Golden Greenery Stamp Set onto the envelope front in Garden Green ink.
9. Adhere the coordinating piece of designer series paper to the envelope flap and use a small pair of scissors or paper snips to trim the excess paper away from the flap.
10. Using the Cherry Cobbler & Pearl Adhesive-Backed Berries adhere a three-cluster berry to the right side of the sentiment label. The berries cover the hole that the die has cut out of the label. Adhere three more Cherry Cobbler berries around the card front.
