I pulled out my Fluid 100 Watercolor Paper and the **Yuletide Village Stamp Set** to create today's card. The **Yuletide Village Stamp Set** is a new stand-alone stamp set that includes adorable images of village houses and a church. The sentiments and label die came from the **Christmas Labels Bundle**...another new set. This card was a lot of fun to create! Let's get started!

## Supplies:

- Yuletide Village Stamp Set
- Christmas Labels Bundle
- Snowy Scenes 12" x 12" Designer Series Paper
- Petal Pink & White Diagonal Trim Combo Pack
- Adhesive-Backed Sequins Trio
- Water Painters
- Fluid 100 Watercolor Paper
- Cardstock: Early Espresso, Basic White
- Ink: Pool Party, Petal Pink, Poppy Parade, Daffodil Delight, Garden Green, Early Espresso

2. Using the Christmas Labels Stamp Set, stamp the "Warm & Cozy" sentiment onto the sentiment label using Early Espresso ink. Use the rectangular die from the Christmas Labels Dies to cut out the sentiment. Set aside for now.
3. Adhere the DSP snowflake panel to the card front using liquid glue or Stampin' Seal.
4. On the 4-3/4" x 3-1/2" watercolor panel, stamp the two-story house on the lower left side of the panel in Pool Party ink, then stamp the church on the right side of the panel in Pool Party ink. Stamp the small tree in between the two buildings in Pool Party ink.
5. Paint the stamped images on the watercolor panel using Pool Party, Petal Pink, Poppy Parade, Daffodil Delight, Garden Green and Early Espresso inks using the smallest Water Painter brush. Note: I blot my stamp pads for each color onto acrylic blocks then add a little water with my brush, being careful not to let the colors blend into each other.
  - Use a watered-down version of the Pool Party ink to paint in the sky around the buildings.
  - Using a slightly stronger version of the Pool Party ink, connect the snow hills between the house, tree and church, allow to dry, then darken some areas of the "snow".
  - Use Pool Party ink to shade the snow on the rooftops.
  - Paint the house using a diluted mixture of Early Espresso ink. Paint the shutters, door and chimney of the house using Poppy Parade ink. Use Daffodil Delight ink to paint in the light in the windows. Paint the eaves of the house using Early Espresso ink.
  - Paint the church walls and roof using Petal Pink ink. Paint the eaves of the church using Early Espresso ink. Paint the wreath using Garden Green ink and paint the bow of the wreath using Poppy Parade ink. Use Daffodil Delight to paint the light in the windows of the church.
  - Paint the tree using Early Espresso ink, and paint the pine tree next to the church using Garden Green ink.
  - Use a light mixture of Early Espresso ink to paint the pathway in front of the church.
  - Use a light mixture of Early Espresso ink to outline the houses, windows, window grids, and outline edges of the buildings (where there is no snow).
  - Once the painted panel is fully dry, use the snowflake stamp to carefully stamp snowflakes all across the sky using Pool Party ink.

6. Adhere the painted watercolor panel to the card front using Stampin' Dimensionals.
7. Adhere a length of Petal Pink Diagonal Trim to the back of the sentiment label, then weave each end through the side cutouts on the label. Adhere the sentiment label to the upper left corner of the watercolor panel using Stampin' Dimensionals.
8. On the Inside Panel, stamp the "Winter Wishes" sentiment from the Christmas Labels Stamp Set in Early Espresso ink. Stamp the house onto the lower left corner of the panel in Early Espresso ink. Stamp snowflakes above the house in Pool Party ink. Lightly paint the snow on the roof in Pool Party ink, paint the eaves in Early Espresso ink, the doors and shutters in Petal Pink ink and the light in the windows in Daffodil Delight ink. Brush a little Pool Party wash under the house foundation. Caution: When painting on cardstock, be careful not to use too much water in your Water Painter Brush. Too much water may damage the cardstock.

9. Stamp the same house image that you stamped onto the Inside Panel onto the envelope front and paint as before. Before painting I recommend that you slip a scrap piece of cardstock inside of the envelope. Stamp snowflakes above the house in Pool Party ink.
10. Adhere the coordinating piece of designer series paper to the envelope flap and use a small pair of scissors or paper snips to trim the excess paper away from the flap.
11. Adhere several clear Adhesive-Backed Sequins to the card front to complete the project.
