I've been thinking about this project for a while and decided to just go for it! I created a napkin ring using the **Changing Leaves Dies** and the **Changing Leaves Hybrid Embossing Folder**. I added some Linen Thread and Gold Twisted Thread at the center of the leaf arrangement and it's done! This took a matter of minutes to create.

Supplies:

- Changing Leaves Dies
- Changing Leaves Hybrid Embossing Folder
- Woven Golden Leaves
- Linen Thread
- Gold Twisted Thread (Item #164603 - available Nov. 5)
- Cardstock: Early Espresso, Crushed Curry, Cherry Cobbler, Pumpkin Pie

1. Paper Cuts:

- Napkin Ring - Cut 1 Early Espresso cardstock to 6" x 2"
- Leaves and Circle - Scraps of Early Espresso, Crushed Curry, Cherry Cobbler, and Pumpkin Pie

2. Cut the 6" x 2" piece of Early Espresso. Hold the cardstock strip in your left hand and using

your right hand, position the cardstock strip between the edge of a bone folder and your thumb on the underneath side of the cardstock strip and pull the bone folder towards you over top of the cardstock strip. Repeat several times. This helps break down the paper fibers so that the cardstock will not crease when you form a tube. Use Stampin' Seal+ on one of the short sides of the cardstock strip and adhere it to the opposite short end to form a tube.

3. Use the Changing Leaves Hybrid Embossing folder to cut 1 maple leaf from Cherry Cobbler cardstock. Note that the large leaf die from the Changing Leaves Dies fits inside of the Hybrid Embossing Folder (cutting side facing up). Once you have the large die nested inside of the Hybrid Embossing Folder, lay a piece of Cherry Cobbler cardstock over the maple leaf image, carefully close the embossing folder and run through your embossing machine. **Important: When using the Stampin' Cut & Emboss Machine you will place the Base Plate on the bottom, then lay the embossing folder on top of the Base Plate (hinge side facing towards the machine), then the Specialty Plate #4 on top of the embossing folder.**

4. Use the Changing Leaves Dies to cut out the following:

Changing Leaves Napkin Ring

Project Sheet - Nov 1 2024

<https://www.inkybeestampers.com>

- Cut 1 Maple Leaf (see Step No. 3 above)
 - Cut 2 open leaves from Crushed Curry cardstock
 - Cut 1 small leaf sprig from Pumpkin Pie cardstock
 - Cut 1 twig with berries from Cherry Cobbler cardstock
 - Cut 1 circle (sentiment label) from Early Espresso cardstock
5. Build the leaf arrangement on top of the Early Espresso circle. I used mostly Stampin' Seal+ to adhere the components to the circle. I started by adhering two Woven Golden Leaves to the circle, then added the Crushed Curry Leaves, then the Maple Leaf, then the small leaf sprig. The Cherry Cobbler twig was tucked behind one of the Crushed Curry leaves.

6. Cut two strands of Linen Thread and two strands of Gold Twisted Thread. Hold the strands together and tie a bow. Adhere the bow at the base of the leaf arrangement using a Mini Glue Dot. Trim the thread ends as necessary.
7. Adhere the circle unit to the front of the Early Espresso tube using liquid glue.

This completes the napkin ring! Now I just need to make about 5 more and I'll have enough for my Thanksgiving table!
