Cut 2 Blackberry Bliss cardstock to 5-3/8" x 3"

Cut 1 Blackberry Bliss cardstock to 5-3/8" x 7/8"

- DSP Panel #1 - Cut 1 floral print from the Bloom Impressions Designer Series Paper to 5-1/4" x 2-7/8"
 - DSP Panel #2 - Cut 1 Petunia Pop print from the Bloom Impressions Designer Series Paper to 5-1/4" x 3/4"
 - Octagon #1 - Cut 1 white cardstock to approximately 4" x 4" using the larger of the octagon dies from the Memorable Blooms Dies
 - Octagon #2 - Cut 1 Blackberry Bliss cardstock to approximately 4" x 4" using both of the octagon dies from the Memorable Blooms Dies nested together (this provides the floral cut out within an octagon frame).
 - Inside Panel - Cut 1 Basic White cardstock to 5-1/4" x 2-7/8"
 - Envelope Flap - Cut 1 piece of coordinating designer series paper to 6" x 2-1/4"
2. Adhere the DSP Panel #1 and #2 to their Blackberry Bliss mats then adhere the larger panel unit to the card front and the narrower panel unit to the right side on the inside of the card base.
 3. Using the Memorable Blooms Dies, die cut 1 octagon from white cardstock using the largest octagon die. Then cut 1 floral octagon from Blackberry Bliss cardstock using the two octagon dies nested together. I used a piece of Post It Tape to hold the octagon dies together so they wouldn't shift during die cutting.
 4. Place the floral Blackberry Bliss octagon onto the white octagon to get an idea of where to stamp the "Thanks so much" sentiment. The sentiment will be stamped onto the white octagon just above the die cut flowers on the floral octagon. Stamp the sentiment in Blackberry Bliss ink, then adhere the Blackberry Bliss octagon to the white octagon using liquid glue.

5. Towards the center right of the card front, place a small amount of Stampin' Seal, then adhere a length of Blackberry Bliss & Gold Textured Ribbon to the card front diagonally. The ribbon is folded over towards the top.
6. Use Stampin' Dimensionals to the left two thirds of the octagon unit and adhere to the center of the card front. Note that the right side of the octagon unit should not have any adhesives since this portion of the octagon hangs over the right edge of the card front.
7. Stamp the "You are awesome!" sentiment onto the inside panel in Blackberry Bliss ink then stamp the leaf image onto the lower left corner of the panel in Blackberry Bliss ink. Adhere the panel to its Blackberry Bliss mat, then adhere the panel to the inside of the card on the left. Note that this panel should not be visible when the card is fully closed.

8. Partially stamp the same leaf image onto the envelope front in Blackberry Bliss ink.
9. Adhere the coordinating piece of designer series paper to the envelope flap and use a small pair of scissors or paper snips to trim the excess paper away from the flap.
10. Adhere three gold Adhesive-Backed Metallic Gems to the centers of the die cut flowers on the card front to complete the project.
